COMMUNITY PLANNING FOR EMERGENCIES TO HIGHLIGHT TUESDAY EVENING MEETING

A discussion of Community Planning for Emergencies will highlight a one-evening program to be conducted at the Crescent Park School in Bethel, Tuesday evening, January 17, by members of the University of Maine Continuing Education Division and Bethel municipal officials.

This conference, designed primarily for municipal officials and civic leaders, will be open, free of charge, to all interested citizens who may wish to attend.

The format and materials to be presented are designed to acquaint a greater number of people with background material for living in the nuclear age.

The session will develop one step at a time, the modern concept of community protection from all types of disaster with special emphasis being placed on such modern hazards as how to approach the problem of radioactive fallout. Also to be included will be planning to provide community protection for persons and families as well as improved methods of handling such common natural disasters as hurricanes and blizzards.

Much of the material to be presented is based on knowledge gained through such recent disasters as the Alaskan Earthquake and hurricanes Betsy and Carla.

SPECIAL ENROLLMENT FOR BLUE CROSS-BLUE SHIELD 65 TO BE HELD JAN. 15-JAN. 31

A statewide open enrollment period has been set for January 15-January 31 by Maine Blue Cross-Blue Shield. It was announced by Richard F. Nelson, executive director of Associated Hospital Service of Maine.

"This special open enrollment for Blue Cross-Blue Shield 65 Companion Plan 1 is necessary because of the apparent misunderstanding on the original offering and the current demand by literally hundreds of 65 and over who did not sign up earlier," Nelson said.

Many of the 114,000 in Maine, 65 and over, were confused because of the necessity of signing up for Part B of the government program and because they had a choice of subscribing to a supplementing program that would help fill the gaps and co-insurance features of the Medicare program.

Some forty-thousand 65 and over were either converted automatically or enrolled in "Blue Cross-Blue Shield 65" at the beginning of Medicare which became effective July 1, 1966.

There will be no health statement involved during this special open enrollment. Persons 65 and over will not be given a chance to sign up again until at least October, 1967.

At the same time, Nelson announced an open enrollment for Extended Coverage which is now available to all Maine residents as a supplement to their Blue Cross-Blue Shield plan. This Extended Coverage is available in addition to the Companion Plan for those 65 and over and also available to all other Blue Cross-Blue Shield subscribers at a minimal cost.

The contract is being offered by the Blue Alliance Mutual Insurance Company and administered by Associated Hospital Service of Maine. It strengthens existing contracts and helps pay for special services, such as private duty nursing, which are not covered by Medicare or Blue Cross-Blue Shield programs.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The account figures for 1966 have been totaled and there are several overdrafts. There are also several unexpended balances but the number and amounts of the overdrafts are greater than the number and amounts of the unexpended balances. By far the largest overdraft was in the Winter Roads account. The months of November and December of 1966 were not awfully hard on the account but January, February and March of 1966 were terrible. There will have to be an increase in the appropriation of the Winter Roads account for 1967 in order to maintain the same level of service.

The Roads and Bridges account was overdrawn but the overdraft was due to costs of some jobs exceeding estimates. The account isn't in a great deal of trouble and more careful planning for 1967 could remedy the overdraft. The thousand dollar overdraft in the surfacing account was probably the best money spent on town services in 1966. The two Town Road Improvement jobs were penetrated with tar and I believe a major portion of the nine thousand dollars spent on the T. R. I. job would have been lost without the tar.

The first budget committee meeting will be some night after Monday of next week. I expect that three meetings will be enough to present the complete budget and all questions can be answered in that period of time.

I had an opportunity to talk to Mr. Jordan about the sewer planning study last week and he said his firm will send a survey crew out as soon as the snow is off the ground. The plan must be completed within 180 days of the date of acceptance of the grant by the town. The work must be done and the report in the hands of the selectmen no later than the first day of September, 1967. By that time the state legislation should have the Androscoggin River classified and a deadline for pollution abatement will be set. In September a schedule of design and construction can be worked out that will comply with the time limits set forth in the law.

Michael Houllhan

Insurance Company and administered by Associated Hospital Service of Maine. It strengthens existing contracts and helps pay for special services, such as private duty nursing, which are not covered by Medicare or Blue Cross-Blue Shield programs.

A statewide advertising campaign will be used to make certain that all Maine residents are given an opportunity to join during this two-week open enrollment.

Nelson stressed that eligible residents can enroll in regular Blue Cross-Blue Shield plans during this enrollment period or at any other time during the year and that this controlled open enrollment is for the Companion Plan 1 and the Extended coverage only.

Nelson concluded by saying that it is the intention of Associated Hospital Service of Maine to make the very best of health care available to all Maine residents regardless of age.

MRS. JODREY TO BE CHAIRMAN OF 3rd ANNUAL WINTER CARNIVAL

The general chairman of the 1967 winter carnival sponsored by the Greater Bethel Chamber of Commerce has been named by the Executive Committee of that organization. Mrs. Norma Jodrey of Bethel has accepted the duties of over-all chairman of the event. Mrs. Jodrey has secured the assistance of Dr. and Mrs. James Hudson to serve as vice-chairmen.

In announcing the selection of the general chairman, John Brown, president of the Chamber, stated that he hoped that Chamber members, other area organizations, local citizens and merchants of the area will be able to show the same wholehearted support of the venture as in the past two years. It is the desire of the sponsoring group to make this first week end in March a fitting climax to a successful winter season.

Mrs. Jodrey in the very near future will be contacting winter sports groups and others in the area to assist in the annual event.

RECOMMENDATIONS MADE FOR ADDED TEACHERS IN S. A. D. 44 SCHOOLS

A special meeting of the Board of Directors of School Administrative District 44 was held at the Locke Mills School, Monday evening.

Richard Melville reported for the curriculum committee the following recommendations for added staff in 1967: Guidance Department chairman, assistant principal of the new school, English-French teacher at Woodstock High School, one physical education teacher, two additional elementary teachers at Andover and an art supervisor.

Further action on the hiring of new personnel will be deferred until all positions have been discussed.

There was a discussion of vocational business equipment at Woodstock High School. Discussion continued on the proposed salary schedule and other budget items. No final action was taken.

There will be a regular meeting of the Directors at the Raymond C. Foster School in Newry, Monday, Jan. 16, at 7:30 p. m.

SHERIFF HORTON LAUNCHES ANTI-OBSCENITY CAMPAIGN

Oxford County Sheriff L. C. "Bud" Horton has announced that he is launching a county wide investigation ordered by the Oxford County Grand Jury at its last meeting during the October Term.

This investigation concerns the selling of pornographic material by retail stores in the county.

Horton stated that he is to appear before the Grand Jury in February with a complete report of the results of this investigation.

Sheriff Horton and Oxford County Attorney David F. Aldrich met with members of the Sheriff's Department to iron out the details of the investigation. At the meeting the deputies were assigned various towns and were briefed on what type of material would be considered in violation of the state's obscenity laws.

Prior to this meeting Sheriff Horton, County Attorney Aldrich and jail Chaplain, Rev. Harold A. Hopkins, Sr., met to determine the guidelines to be used by the department personnel during this investigation.

Sheriff Horton stated that continued violations of the obscenity statutes would be presented to the Grand Jury in February.

NEW CHILDREN'S UNIT OPENS AT RUMFORD HOSPITAL

To meet the growing needs of the community, a much-needed 14 bed children's division opened this week at Rumford Community Hospital as announced by E. E. Loubler, administrator.

Miss Karen Houthot, R. N., Fourth Street, Mexico, has been named supervisor, and Miss Terry Beaudet, R. N., Franklin Street, Rumford, will serve as her assistant.

The Board of Directors approved a division of the maternity ward for this new unit. The unit is entirely separate from other hospital patient sections, and is staffed around the clock.

BETHEL SEEKING MANAGER AS HOULLIHAN ACCEPTS FREERPORT POSITION

Michael Houllhan, Town Manager of Bethel since April of 1962, submitted his resignation last Thursday evening at a meeting of the selectmen. He is to assume managerial duties at Freeport on January 23. His predecessor at Freeport has accepted a similar post at Orono.

Before coming to Bethel he had been an agent for the Metropolitan Life Insurance Company for three years. A native of Livermore Falls, he graduated from high school there in 1951. He was employed by the International Paper Co. for two years and also served two years in the Army, previous to entering the University of Maine. He graduated from Maine in 1959 with a degree in Town and City Management. In 1958 he had interned under the Bangor City Manager in the City Engineer's office. In his junior year he had received the scholarship award of the Maine Town and City Managers Association.

Mr. Houllhan and his wife, the former Marilyn Hardy of Farmington, are the parents of three daughters and one son.

Mr. Houllhan is a member of the Maine Town and City Managers Assn., the Western Maine Municipal Officers Assn., the American Legion, Greater Bethel Chamber of Commerce, and an associate member of the Bethel Area Development Corporation.

The Bethel selectmen have been receiving applications for the vacant post and expect to conduct interviews soon for prospective candidates.

N. T. L. SESSIONS TO MEET IN EIGHT STATES

More than 2000 businessmen, educators and community leaders will participate in human relations training, leadership development and other conferences to be conducted this year by the National Training Laboratories.

The 1967 catalog, issued by the National Training Laboratories (NTL), includes descriptions of meetings to be held in eight states and Puerto Rico. Headquarters in Washington, D. C., the National Training Laboratories is a division of the National Education Association.

Best known for the sensitivity training methods it has developed since 1947, NTL techniques are used by psychiatrists, psychologists, sociologists and other behavioral scientists to help people with their problems of living and working together.

NTL laboratories, varying from one to eight weeks, will be held at colleges and other facilities in Maine, New York, New Jersey, Florida, Illinois, Missouri, Utah, California and Puerto Rico. All sessions will be in isolated settings, including various resort hotels, in order to combine relaxation with an intensive laboratory experience.

The 21st annual summer laboratories in human relations training will be conducted by NTL for individuals who want to increase their self-understanding, inter-personal effectiveness, confidence in working with others, and ability to work in group situations. Sessions of these two-week conferences will be held in June, July and August at NTL's summer headquarters in Bethel.

Human relations training laboratories also will be held in July at the University of California Conference Center, Lake Arrowhead, Calif. College credit may be earned for this two-week project, which is conducted in cooperation with the Western Training Laboratory of the University of California at Los Angeles, co-sponsored by the School of Education, the Institute of Industrial Relations, and the Graduate School of Business Administration.

In August, a similar two week laboratory will be held at the College of Southern Utah, Cedar City, Utah. Other cooperating colleges and universities include Arizona State University, Brigham Young University, Idaho

The Bethel Inn

THE BETHEL INN AND THUNDERBIRD MOTEL ACQUIRED BY GOULD ACADEMY INTERESTS

The Bethel Inn has been sold by Bethel Inn, Inc. of which Guy P. Butler is President to Gould Academy according to announcement made today by Sidney W. Davidson, President of the Board of Trustees of Gould. The Academy which had a right of first refusal to acquire the Inn if it should ever be sold has taken title through a corporation formed for that purpose. The directors and officers of the corporation are Trustees of the Academy.

Mr. Butler will remain as General Manager of the Inn and no changes are planned in operating policies. Gould is determined to maintain the same high standards for which the Inn has been noted and is confident that the Inn will continue to enjoy the outstanding reputation which it has developed over the years.

The sale covered all the land, buildings and equipment of the Inn, including its adjacent 9-hole golf course and its Beach Club on nearby Songo Pond. The price was not disclosed but the transaction was all cash over an existing mortgage held by the Bethel Savings Bank.

Mr. Davidson also announced the acquisition by Gould through a corporation formed for that purpose of the Thunderbird Motel. The purchase of the Thunderbird was motivated largely because of increased pressures on Gould to provide additional dormitory space for delegates to the sessions of the National Training Laboratories during the summer months. As Gould expands, the property may also be useful for dormitory purposes.

Mr. Davidson commented that in keeping with traditional policies adopted by the Board of Trustees of Gould, no properties owned by Gould would be removed from the tax rolls except those used for educational purposes.

Editor's Note: Prior to its acquisition by Gould interests, the owner of record of the Thunderbird Motel was National Theater Supply Co., Tarrytown, N. Y., according to Bethel tax rolls.

State College, Montana State College, University of Colorado, University of Denver, University of Nevada, University of Wyoming, and Utah State University.

In the Midwest, Human Relations Laboratories will be held February 3 to 12 at Illinois Beach State Park Lodge, Zion, Illinois, and June 9 to 17 at Stephens College, Columbia, Missouri, both in cooperation with the Midwest Group for Human Resources.

For school administrators and teachers concerned with human problems of change in education and in communities, NTL will conduct its seventh annual Laboratories for Educational Leaders. Jointly sponsored by the American Association of School Administrators, Association for Superintendents of Schools, and the National Education Association, these laboratories will be held in June, July and August at NTL's summer headquarters in Bethel.

The Week in Oxford County

Twenty-four trustees were elected during the annual stockholders' meeting of the Rumford Bank and Trust Company in Rumford Tuesday. The trustees also held their annual meeting and elected Thomas L. Dickson, Sr., as president.

Mrs. Bernard C. Haines, Essex Ave., started her beat as Rumford's first metermaid last week. Mrs. Haines' duties include checking meters on Congress, Canal, River, Exchange and Hartford Streets. She has served as crossing guard at Lincoln Ave. and Hancock Street for nine years.

Town Manager Donald F. McAllister of Norway issued a warning to snowmobile operators to watch out for tree farm property. Tree seedlings that are in the ground from six to 24 inches high might not be visible and much damage could be done by a snowmobile.

Production workers at the large Norway shoe plant voted for union representation by a 305-263 count. This unionization of the E. K. Cole-Franchise plants brings to three the number of factories in the state represented by the Foot and Shoe Union.

The Oxford County Baptist Ministers Association met with Mr. and Mrs. Forrest Stowell, Paris Hill, Monday morning. Lunch followed the devotional service and program.

Gary Merrill, Portland, recently lectured at Dixfield Regional High School. His subject was on the works of Carl Sandburg and Robert Frost.

Junior High pupils at Waterford Memorial School are preparing a variety show of popular music. The director is Jerre Walker, music instructor of SAD 17. The musical will be presented in the near future.

Charles Cornell retired Friday as station agent at South Paris after 15 years service. Mr. Cornell had completed 42 years of service with the Canadian National Railroad. He went to South Paris from Bethel where he was station agent.

The one-half mile of town highway built in Waterford to accommodate expansion of North Waterford Spool Mill and to allow for the abandonment of a bridge near the mill will be paved in the spring.

Andover-East Andover

— Mrs. Violet Swain, Cor. —

The annual meeting of the First Congregational Church of Andover was held Jan. 2, 1967, in the Town Hall, after a fellowship supper.

The annual reports of officers and committees were accepted as printed in "The Report."

The officers and committees for the year are:

Moderator, Roger Mills, Jr.; Treasurer, Donald French; Clerk, Marie Lang; Deacons, Ray Leonard, William French; Deaconesses, Laura Leonard, Celinda Dunn; Collector, Victor Akers; Trustees, Ira Bodwell, William Fox, Raymond Akers, William French, Howard Dunning, Standing Committee, Dorothy Greenlaw and Alice Merrill; Custodian of Records, Ivy Thurston; Benevolence Treasurers, Muriel Farrington and Myra Crocker; Cradle Roll, Roberta Leonard and Gertrude Akers; Finance Committee, Mr. and Mrs. Waldo Merrill, Arvilla Foster, Howard Dunning, Rustie Poor, Eldora Jones, Madeline Wentzell, Louise Mills, Sandra and Marcel Clement, Gertrude and Warren Percival; Music Committee, Doris French, Gertrude Percival, Mary Keen, Fred Greenlaw, Roger Mills; Sunday School Supt., Arthur Myhrall; Assistant, David Percival; Treasurer, Joyce Morson; Treasurer of Building Fund, Ann Fox; Flower Committee, Frances Poor, Alma Hewey, Martin Bodwell; Building Committee, Five Trustees and Howard Marston and Warren Percival; Chairman Woman's Work, Marian Bodwell; Chairman Men's Work, Victor Akers.

The finance committee for the new Christian Education Building, which was started this fall, remains the same as last year. They are Rev. Carl Kingsbury, Barbara Richardson, William French, Barbara P. McInerney, Dorothy Greenlaw, Warren Percival, Gertrude Percival, Louise Mills, Doris French, Ann Fox.

The first of the year (1966) new by-laws were drawn up and accepted.

On June 1, 1965, the church became an unincorporated church. On Oct. 10, 1966, the members voted to join the United Church of Christ.

In November the basement of the new Christian Education building was put in place and to complete the building in the spring.

The annual Ladies Aid meeting of the First Congregational Church was held with Mrs. Marion Fox on Jan. 5 with 18 in attendance. The group gathered together at noon for a luncheon followed by the meeting. More repairs will be taken care of at the next meeting during 1967. The following slate of officers will conduct the meetings for the coming year: President, Mrs. Ira Bodwell; Vice President, Mrs. Marion Fox; Secretary, Mrs. Ralph Hewey; and Treasurer, Mrs. Warren Percival. The paragraph committee will remain the same as last year. The January committee will be Mrs. Marion Fox, Mrs. Arthur Fox, Mrs. Edith Marston, Mrs. William Howard and Mrs. Esther French. The group will meet with Mrs. Bodwell on Jan. 18.

Frances W. Jones from the State of Maine Tolson Education Agency presented a program at Andover High on Friday, Jan. 6 entitled "What is it for Me?" It was a program pertaining to school dropouts. A movie was shown and a short talk followed.

Mr. and Mrs. Norman White and family have moved to Hallowell for the winter.

Mrs. Edith Jones, assisted by her husband, has become the first leader due to the transfer of Mr. and Mrs. Frank Miller and family. Scouts will meet on Monday afternoon eight o'clock at the home of Mrs. Jones in East Andover.

Plans are being formulated for a benefit double under basket ball game to be played at the Andover gym on Jan. 20. All proceeds will go to the March of Dimes. More details will be in next week's paper.

A group of seniors from Andover High will be in Bethel on Thursday to take the children to the Andover Art and Science Fair.

Howard Dunning and Mrs. Bob Dunning are planning a party.

THANKS
We wish to thank our many friends and relatives for their kind expressions of sympathy and their gifts of food and clothing.

The Williams Family

ert Dunn who were patients last week at the Rumford Community Hospital have returned to their homes.

Sympathy is extended to Mrs. Clifford Dyer and family of East Andover. Mr. Dyer was ill for several weeks and part of that time was spent in the intensive care unit at the Rumford Community Hospital. Funeral services were held in Rumford on Saturday.

The Junior Youth Group of the Congregational Church held

an outing Sunday afternoon on Farmer's Hill. The group, with chaperones, skied, rode snowmobiles and enjoyed a paper bag lunch. Hot chocolate was served.

1st Sgt. and Mrs. Howard Spidell and their four children have arrived from Jacksonville, N. C. The youngsters, who are in grades 6, 8, 9, and 10, have enrolled in school. At the end of this month Sgt. Spidell will report for overseas duty. Mrs. Spidell and the family will remain in Andover. Spidell has had 19 years service in the Marines. Mrs. Spidell is the former Ruth Hall.

The Congregational Bible Study is held each Wednesday evening at the home of Mr. and Mrs. Merton Fox.

Plans are being made for a hymn sing at the Congregational Church for Jan. 22. Neighboring churches will be invited.

NOT A VERY FUNNY SHOW!

TIME TO CONSOLIDATE

The 90th Congress alone passed 71 new health programs, 17 new educational programs, 15 new economic development programs for the cities, 17 new resource development programs, and four new manpower training programs. These new programs, added to the hundreds already on the books, help create what James Reston of The New York Times describes as an "administrative monstrosity."

What is really needed is a massive effort to control, consolidate and where appropriate, eliminate existing programs.

According to Senator Edmund S. Muskie of Maine, "There are 173 different Federal aid programs on the books, financed by over 400 separate appropriations and administered by 150 Washington bureaus and over 400 regional offices empowered to receive applications and disburse funds."

This unmanageable confusion in Uncle Sam's ledger, not only en-

courages waste of the taxpayer's dollars, but the proliferation of these programs creates chaos and a bureaucratic quagmire at all levels of government — federal, state and local.

While the administration complacently talks about creating a new partnership with the states and municipalities, thoughtful legislators in both parties are showing increased concern on the over-lapping of expenditures and the duplication of effort, and are seeking ways to streamline the Federal programs. Any success in this endeavor would result in substantial savings to the American people.

HATHAWAY REPORTS

Rep. William D. Hathaway Maine Second District

The editor of this publication has permitted me to extend to each and every one of you the season's greetings. I hope your Christmas was bright and happy, and that the New Year will bring you health and joy in great abundance.

Here in Washington, my colleagues and I are kindling ourselves for service in another Congress, the 90th.

The mood in Washington is far different than two years ago. As is proven, it reflects a new mood of the citizens. The make-up of Congress will be different. The Democratic majority has been sharply reduced and it is generally believed that the legislative output of the 90th will be far less than that of the prolific 88th.

Some have argued that the new

U. OF M. ORONO CAMPUS NEWS HIGHLIGHTS — WEEK OF JAN. 1

Some 225 high school students and their coaches attended an oral interpretation workshop sponsored by the University of Maine's Speech Department Friday, Jan. 6.

Readings by U-M students and group discussions highlighted the all-day program. Schools registered for the workshop were Cony High of Augusta, Cordova Union Academy, East Corinth Academy, Prescott Academy, Hampden Academy, Milo, Orono, Waterville and Bangor. The workshop was held at the University of Maine's campus in Orono.

A University of Maine Cooperative Extension Service dairy specialist has received the National Award of Merit from the National Association of County Agricultural Agents. He is Floyd H. Nelson Jr. of Skowhegan, who was cited for his efforts in helping dairy farmers improve their operations. He has been a county agent and dairy specialist for 12 years.

An exhibition of paintings of the Maine coast are on display in West Commons at the U-M. The artist is Southwest Harbor photographer W. H. Ballard. The exhibition will remain through February.

There is essentially no difference in the way that the two main parties in the Maine House of Representatives are running their campaigns. The House of Representatives is the only one of the three branches of the state government that is not controlled by one party.

Some 225 students who were asked on the day's list for the oral interpretation workshop were registered at the University of Maine's campus in Orono.

MARCH OF DIMES POSTER GIRL IS GUEST OF GOVERNOR

A three year old little lady from Lewiston was given VIP treatment at the State House in Augusta recently when she called on Governor Kenneth M. Curtis.

The Governor interrupted his busy schedule to that and now for pictures with Donna Marie Charpentier, 1967 March of Dimes Poster Girl for Maine. Donna is the daughter of Mr. and Mrs. Edward R. Charpentier of Lewiston.

Serving a second year as State Chairman of the March of Dimes, Governor Curtis chose the opportunity to proclaim January 1967 as March of Dimes Month and called on all citizens to contribute generously to the fight against birth defects. Gov. Curtis pointed out that Donna Marie, born with water on the brain (hydrocephalus) and open spine (spina bifida) represents all the children in Maine who suffer from birth defects.

More than 250,000 babies are born in the United States each year with conditions causing physical and mental handicaps, and many of them are not as fortunate as Donna Marie in receiving adequate treatment.

The March of Dimes, through its network of special treatment and evaluation centers, one of them at Maine Medical Center in Portland and through patient

congress indicates a re-evaluation of the actions of the 90th I do not hold with this view. I believe that the 90th Congress is a great one, one which will bring life in America for all time. It enacted laws and established National programs which citizens had long awaited. Most of the Democratic seats lost were lost as a result of local issues and conditions.

Hardly anyone will repudiate Medicare, the education bill, an enlightened immigration bill, voting and civil rights bills and the many others, and few Maine people would say that the Dickey-Lincoln School Project is not a victory for our State.

It is being said that the 90th

1967 March of Dimes Poster Girl for Maine — Left to right: Mrs. Edward R. Charpentier of Lewiston, mother of 3-year-old Donna Marie Charpentier, 1967 March of Dimes Poster Girl for Maine; Gov. Curtis, MOD State Chairman.

old, is helping to make useful lives possible for many of these children through techniques which involve nearly every specialty of modern medicine.

In addition to doing everything to provide the best medical care possible for children with birth defects, the March of Dimes has launched a program of public education and supports scientific research to find the causes of these conditions and develop preventatives. "Research and education are the keys to solving these problems," said Gov. Curtis. "We have seen what an aroused public, working in partnership with Dr. Salk and Dr. Sabin through support of the March of Dimes can accomplish. Polio is now practically a matter of history and we have every reason to believe that the same efforts applied to the fight against birth defects will bring some of these cripples under control."

The March of Dimes campaign runs through January, climaxing with a house to house canvass "The Mothers March on Birth Defects" January 28-31.

Congress will be reflective, that it will weigh and evaluate, and where necessary improve, legislation of the recent past. Fine, it is good that we should reflect and improve where we may. However, it should be remembered that this recent legislation has given our Nation and our society a strong forward thrust. I shall welcome every opportunity to improve what we have done. However, I would strongly contest any efforts to destroy what has been accomplished.

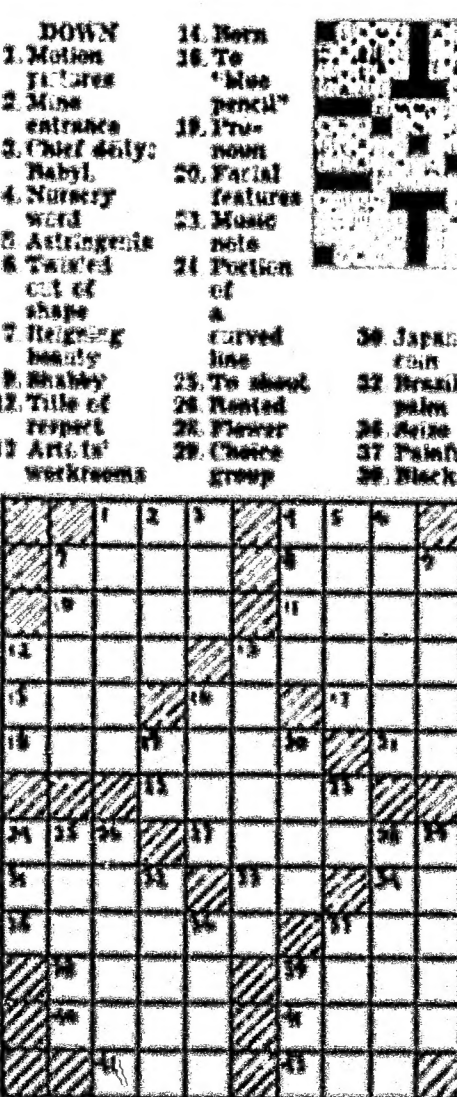

I look forward to my role in the 90th Congress and look back with satisfaction on the 89th. As the actions of the new Congress become history, I shall share my reactions and views with you on these pages.

20 SECONDS WITH THE NAZARENE

Rev. Jackson
Bethel Church of
the Nazarene

He is a path, if any be misled;
He is a robe, if any naked be;
If any chance to hunger, he is bread;
If any be a bondman, he is free;
If any be but weak, how strong is he!
To dead men life is he, to sick men health;
To blind men sight, and to the needy wealth;
A pleasure without loss, a treasure without stealth.

Letter to the Editor
Knox County Senator Supports Maine Power Authority

As a Republican working for the BEST INTERESTS of Maine citizens, I believe that the high cost of electric power in this State is a detriment to progress. I am ready and anxious to undertake a practical solution to this problem by sponsoring the Maine Power Authority Plan which will provide Maine with a large nuclear generating station and a high-voltage transmission system which will transmit this power throughout the entire area.

I believe in fiscal responsibility, and the public can be assured that the bill which I expect to sponsor will provide income to the state and local governments from the Power Authority equivalent to any taxes which would be assessed private utilities for similar facilities. Any remaining balance after expenses could be set aside for elementary and secondary education purposes.

I expect Sen. Floyd Harding, D. of Amoscook will co-sponsor this bill with me.

Enthusiastic support is building up daily throughout the state for this public power plan for Maine. The Maine Power Authority is considerably closer than is generally known.

The proposed Owls Head Plant Site was reviewed by the Licensing Division of the Atomic

Energy Commission over a year ago. The detail work, I have also been advised, is continuing and will be readily available to the Authority. Private Utility properties will remain private utility properties, with the Power Authority having no plans for, or rights to acquisition.

I am convinced that the Maine Power Authority plan offers a giant step forward in Maine's economic prosperity.

The favorable electric power rates that this project will make possible will aid in the economic expansion of our present industry, and attract the type of solid industry that will create more steady, good-paying jobs for Maine men and women.

The Republican Platform of 1966 encouraged any proposals which would result in lower power costs to Maine consumers. This Maine Power Authority proposal could reduce Maine's power rates equal to or below the national average.

Albert W. Hoffes
Senator of Knox County

Management Work Conferences will focus on motivation, on collaborative problem solving, and on making decisions under pressure. Sessions will be held January 15 to 27 at Arden House, Harriman, N. Y., August 6 to 18 at the Samoset Hotel in Rockland, Maine, and in April and November at the Seaview Country Club in Absecon, N. J.

The eleventh annual Key Executive Conferences will be held in January, April, May and November in order to accommodate the increasingly large number of top management executives who are interested in applying the NTL laboratory methods in their organizations. The one week sessions will be held at the Kings Bay Yacht and Country Club, South Miami, Florida, and the Dorado Beach Hotel in Puerto Rico.

The Midwestern Laboratory for Executive Development, a program for middle managers, will be offered jointly by NTL, the Midwest Group for Human Resources, Young Presidents' Foundation, and other institutions. The one week sessions will be held

at the Lodge of the Four Seasons, Lake Ozark, Missouri.

For the chief executive of a large corporation concerned with human problems of growth and managerial teamwork, the third annual Presidents' Conference on Human Behavior will be held at La Coquille Club in Palm Beach, Florida.

Participants at previous NTL laboratories may apply for admission to a human relations laboratory, a community leadership laboratory, an educational leadership laboratory, or special alumni programs. These include the fifth annual Laboratory in Personal Growth, which is focused on the greater realization of individual potential and more satisfying inter-personal relations. This two week project will be held July 9 to 21 in Bethel.

The fourth annual Laboratory in Conflict Management offers opportunities for other alumni to focus on understanding and coping with the dynamic forces of conflict in community, industry, organization, education - wherever there is need to channel forces of conflict constructively rather than suppressing them or dealing with them destructively. Sessions will be held July 30 to August 11 in Bethel and July 18 to 28 at the University of California Conference Center, Lake Arrowhead, Calif.

Other alumni and advanced projects include an Applied Behavioral Science Intern Program from June 18 to August 11 and two other advanced training programs: for specialists in organization training and development, and for persons concerned with educational change.

The NTL catalog and other publications can be obtained from the National Training Laboratories, 1201 Sixteenth Street, N. W., Washington, D. C. 20036.

A DREAM COMING TRUE?

Bird's eye view of a proposed nearly half-million-dollar recreational project in the Burnt Meadow Mountain area at Brownfield, near Fryeburg, in Oxford County. It would embrace a beach area at Burnt Meadow Pond (left), ski slopes (center) and nine-hole public golf course (right). The proposal is designed to boost the area's economic framework in the absence of industrial life.

SUNDAY RIVER

— Mrs. R. M. Fleet, Correspondent —

So far as known the sick are on the go now.

We had an substitute on the road after lunch, from Wiscasset. Arthur Gauthier and Jim Duford. But they were back on the truck Sunday. So one of the sick was recovered glad to say. It is better also.

The Parker Votaw and Mrs. Jonathan Fleet were in Lewiston, Thursday, and called on Mrs. Alice Whitman and found her much improved.

Connell Votaw is working at Sunday River Skiway.

It seems a bit early for the snowed out of the night but a couple of more gray squirrels felt as if it was now or never, so they had it out then and there before breakfast the other morning. It was a fight with fur flying, teeth grabbing, paws clawing, as well as tongues apparently calling each other names. I could not understand their language but it was fierce and exciting the few minutes that it lasted. One soon was back for food, the other walked in the snow then took to the tree and away.

Saturday Mr. and Mrs. Estes Votaw were in Norway and called on their daughter and family, Mrs. Verna Whitman.

Recent dinner guests of Mr. and Mrs. Estes Votaw were Mr. and Mrs. Ed Haines and daughter Irene, of Bethel.

Mr. and Mrs. Roland Hayes and Elmer Hayes were callers of their sister and family, Mr. and Mrs. Estes Votaw from Bryant Pond.

V. A. NEWS LETTER

Veterans and dependents receiving pensions from the Veterans Administration were mailed form cards on which to report their annual income, the VA has reported.

The check-off income report cards enclosed with the pension checks received December 1, must be filled out and returned to the VA by January 31 or payment of the pension will be stopped, the VA reported. The law requires that payments be stopped if income is not reported.

The forms have been simplified this year, and designed for faster processing to automatic recording machines. It is important that the cards not be folded, torn or mutilated.

The income questionnaires went to all veterans and dependents of deceased veterans on VA's non-entitled pension rolls, and to parents of deceased veterans who are receiving dependents.

WYOMING SUPREME COURT GRANTS STAY OF EXECUTION IN CASE OF BETHEL MAN

The execution of a 41-year-old Bethel man has been suspended by the Wyoming Supreme Court pending further legal moves by the state.

Richard Kirk was convicted in December, 1954, of first degree murder in the shooting of a hitchhiker, Gordon Jack Whitaker, 54, about five months earlier. He had been scheduled to die Feb. 3 in the gas chamber at the state penitentiary.

The State Supreme Court upheld the conviction and death penalty last month, but Mr. Kirk's attorney, Ed Herschler petitioned for a rehearing, contending the high court had failed to consider sufficiently his arguments in the appeal.

Herschler's new petition asked for a stay of execution until the court has acted on his rehearing petition or until he can determine further steps in Mr. Kirk's appeal.

The court acceded, announcing that the execution was suspended "until further order of this court."

SOME EMPLOYERS MAY RECEIVE TAX FORMS LATE

Some employers may receive forms they need to report Federal Unemployment Taxes several days later than usual, the Internal Revenue Service said Tuesday. All employers, however, should receive the forms in advance of the January 31 filing deadline for this tax IRS said. Copies of Forms 940 required to report and pay Federal Unemployment Taxes are now available at District Offices of the Internal Revenue Service for any employer who did not get his copy in the mail. Internal Revenue Service said the delay in mailing Forms 940 relates only to Unemployment Taxes and does not affect individual or business income tax returns. Mailing of income tax forms has already been completed.

U. OF M. SKIERS PREPPING FOR 1967 SEASON

A ski team preparing for collegiate competition minus the most important ingredient—snow—is something like a dolphin practicing trick leaps without water.

And this is the situation which had been facing the University of Maine ski team under its new coach, Phillip "Bud" Folger, until the recent Christmas holiday vacation period.

Until the vacation break the U-M ski team, defending state champions, had not seen snow in a country pretty much noted for its accumulation of the white stuff. Thus, practice sessions sounded more like preparations for a prize fight than for a ski meet.

Folger had squad members working out on tumbling nets, running through the woods, playing soccer, jumping rope and doing calisthenics. Purpose of the training was to develop speed and agility.

The snow finally came over the Christmas holidays and Folger took a number of squad members to Sugarloaf Mountain at Kingfield to practice on the new 15 kilometer cross country course and the downhill slopes. They were unable to use the jumping area, however, because of lack of snow.

During the holidays some squad members also went to Lyndonville, Vt., to compete in a Nordic meet there. The results were inconclusive, according to Folger, but did show us "we needed a lot more work."

He cited the work of Rick Marco of Bath in slalom and downhill races, Greg Howe of Beth-

el, Bob Price of Brewer in the jumping events and Al Hodsdon of Rumford and Price in cross country workouts.

In addition, Marco, probably the best prospect on the Black Bear squad, spent several days at the Eastern Training Camp at Big Bromley in Vermont.

How the U-M club will do this season depends on a couple of large "ifs" Folger is hoping that veteran skier Steve Parent of Orono, who is returning from Army service, will be eligible to compete and is also hoping for a good performance from Mike Zubko of Redding, Calif., a U-M track star who has turned to skiing.

Folger terms Zubko a "good" skier and said the California youth worked out on the West Coast during the holidays.

Right now there is enough snow for the team to use the facilities at Hermon Mountain for practice sessions. Folger terms his team spirit as excellent and hopes that some intensive practice sessions on the real thing will help round the club into shape.

The Bears open the season February 3 and 4 in the State Series Championships at Sugarloaf and complete in the NCAA Championships at Sugarloaf March 2-3-4.

RAINEY - LINDSBECK

Miss Susan S. Lindsbeck became the bride of Edgar A. Rainey, U. S. N., Saturday, January 7. The ceremony took place in the Universalist Church of Bryant Pond with the Rev. Donald F. Hess, pastor of the Methodist Church of Bethel officiating at the double ring ceremony. Traditional music was furnished by Phillip House with Merle Ring soloist.

The church was decorated with white gladiolus.

The bride was given in marriage by her father, George N. Emmons, and wore a colonial gown of white satin with tiers of lace; chantilly lace bodice with sweetheart neckline and long sleeves with bridal points. Her veil of illusion was attached to a crown of pearls. She carried a shower bouquet of pink and white carnations.

The maid of honor was her

sister, Valerie Joy Emmons, who wore a full length gown of royal blue brocade and carried a colonial bouquet of pink carnations. The bridesmaids were the Misses Anita Gaugler, Rose Cushman and Nancy Koskela, wearing light blue brocade dresses of street length and carried colonial bouquets of pink and white carnations.

The bride's mother wore a winter white knit suit with brown accessories and the bridegroom's mother wore a green wool suit with matching accessories.

The bride is the daughter of Mr. and Mrs. George N. Emmons and a senior in Woodstock High School. The groom is the son of Mrs. Mirja Rainey of South Woodstock. He was educated in the schools of Woodstock and is a Fireman on the U. S. S. Saratoga, aircraft carrier, U. S. N.

The best man was Floyd Sumner and the ushers, Donald Whitman, Richard Cross and Bruce Thurlow.

A reception followed immediately at the Jackson-Silver American Legion Hall, Locke Mills. The refreshments were served by the Legion Auxiliary and included a beautifully decorated wedding cake made by Mrs. Mary Emery, West Paris and was cut and served by Mrs. Louis Sciotte. The gifts were in charge of Mrs. Merle Ring and Mrs. Gertrude Gaugler. Miss Paula Howe, cousin of the bride circulated the guest book.

The brides travelling suit was navy blue laminated jersey with matching accessories.

They left for a wedding trip along the coast of Maine. The bride will remain at the home of her parents until a future date.

ENGAGEMENT

Mr. and Mrs. George N. Emmons are announcing the engagement of their daughter, Miss Joy Valerie Emmons to Floyd Sumner son of Mr. and Mrs. Lee Sumner, Greenwood. Miss Emmons is a senior in Woodstock High School. Mr. Sumner was educated in the schools of Woodstock and is employed at the Ekco Housewares Co., Locke Mills. No date has been set for the wedding.

SKI TIPS

#2 SIDESTEP OR CLIMBING STEPS

By Ace Manley
Director, Big Bromley Ski School

The sidestep is the first climbing step that a beginning skier normally learns.

The fundamental principle in sidestepping is to keep the skis absolutely horizontal to the slope. By doing this, the skis will not slide forward or backward.

To insure an easy transfer of weight, each step is small. The uphill ski, which always moves up first, is lifted from the snow no more than six inches and placed approximately a foot up the hill from its original position.

The uphill pole accompanies the ski and is simultaneously placed in the snow near the boot or slightly in front of it.

The downhill ski is then lifted and brought parallel to the uphill ski.

In sidestepping, there is a natural tendency for the skis to slide down the hill sideways. To prevent this, it is important to keep the knees flexed slightly forward from the ankle and toward the hill.

In actuality, the skier tries to concentrate his step or weight on the uphill edge of the ski. With this edge "dig-in," the ski will not slide back downhill.

MAINE HIGH SCHOOLS LACK

ADEQUATE PLAYING FIELDS

A Maine high school is more likely to have a good gymnasium than adequate playing fields, according to Dr. Richard A. Costello, chairman of the Department of Health and Physical Education at Gorham State College.

Writing in the current issue of The Maine Teacher, quarterly publication of the Maine Teachers Association, he said that a recent survey of physical education facilities in Maine had revealed many excellent indoor facilities, but not many outdoor tracks, tennis courts, or good baseball diamonds.

"In Maine, where outdoor space would seem to be accessible, this dearth of adequate playing facilities might be due to the emphasis placed on basketball, or a reluctance to allot the necessary financial outlay. In any case, to assure the comprehensive physical education program that most communities desire, securing adequate outdoor space is a necessity," the article states.

Dr. Costello also noted that there is only one high school swimming pool in Maine. The lack of pools is probably defended on the basis of cost. However,

no other physical facility could provide as many services to a community. He listed benefits of a pool as survival training in water safety, the high physical fitness value of aquatics which carries through into later life, and recent research which indicates that swimming may make a positive contribution to mental health.

Dr. Costello said his survey showed that the quality of the physical education program is related to the size of the school. "The larger the enrollment, the better the rating received. . . . The article said that progress is being made. "If it were possible to compare this evaluation with one of ten years ago, the improvement would be quite impressive. Approximately half of the 50 schools visited had facilities that had been erected within the past decade. Furthermore, new programs continually come into existence," Dr. Costello wrote.

Always replace the cap on your medicine bottle. The contents may lose their potency if exposed to air for too long a period. Birth defects result in the death of one of every 40 babies during the first year of life.
